Important to Housekeepers!!

WOODMAN'S

CELEBRATED SOAP!!

The above celebrated soap is an article which every family, hotel, laundry, boarding house, &c., will find upon a careful trial, to be the very thing required for economy and saving of labor:

1st. Because clothes can be washed in one-fourth the time.

2d. They require no rubbing or pounding, thereby saving labor, and the injurious effects of the said method.

2d. It bleaches and leaves them purely white, and for colored cloths it is unsurpassed, as it does not extract the dye, but has a tendency to set the color. For washing paint and windows it cannot be excelled.

It is warranted not to injure the clothes in any way.

It is put up in boxes of ten pounds each. Full directions on each box for the use of it.

The Soap can be had at the house of John Davis, who is sole agent for Marion County, on Fifth street, near Wm. Green's Hemp Press, or of Curtis & Lockwood, on Main, near Hill street. (ang3dft)

COFFET.

NEW-YORK TRIBUNE.

THE NEW YORK TRIBUNE having completed its twelfth year of its existence, on the 9th of April, signified its entrance into its teens by an enlargement of its borders, adding fully one third to its area, and which will require of henceforth to pay more for the white paper on which it is printed than all we receive from its subscribers. And, ample as our income has been, (though less ample than it has been currently reported) our expenditures for the next year must be larger than our annual income has ever yet been.

We have taken this important step without reluctance, but up to the matured consideration. There are thirteen of us concerned in the Tribune establishment as proprietors with one hundred and seventy more directly employed on the paper—all to be subsidized out of its current income—and this enlargement adds some \$50,000 per annum to our expenses without necessarily increasing our receipts. Yet we encounter so many complaints of the small type, too fine print, had for the eyes, &c., that we have resolved to risk our all on the enterprise of making a paper which will satisfy many thousands who have hitherto stood aloof, and so enlarge our Subscription and Advertising as to secure us a reward for our exertions in the future equal to that we have enjoyed in the past. If we can add one-fourth to our reading matter, and present the whole in fair, easy type of good size, we believe we may nearly double our circulation; and this, though of no direct advantage to us, secures such an increase of our Advertising as will leave us nothing to desire.

The Semi-weekly Tribune was enlarged to the new size of the daily, and we urge our country friends who have no daily mail, or think they cannot afford a daily paper, to give this an examination. We always strive to condense the largest possible amount of useful and interesting matter into our Weekly; yet it is physically impossible that we should print ther even one-third of our letters from Europe, Asia Minor, India, California, Mexico, Central America, &c., &c. But all these are given in our semi-weekly. There is not another paper issued in the world which contains so large an amount of mainly original reading for so small a sum; and we trust that, since postage has been reduced to a mere bagatelle, there are thousands of our friends who have hitherto taken the weekly, who will henceforth take the semi-weekly. We will send a specimen to any one who, without subjecting us to expense, shall see fit to apply for it.

The Weekly Tribune will likewise be enlarged to the new size of the Daily, in September next; at the close of its current volume. It will then be the larger Weekly affording 12 columns for \$1 per annum in the world, so its white paper will cost us nearly or quite all that we receive from its City Subscribers. We shall hope to make it pay by sparing printing a small part of the new space we thus create in Advertising, which until such enlargement, we must continue to keep within the narrowest limits. It is issued every Tuesday morning, and contains most of the matter of the Daily, with more summary accounts of such Events and Proceedings as cannot be published in full. We mean that no Weekly shall surpass this in giving a full, graphic, and impartial account of what the World is Doing, whereof it is Thinking, and how it is Progressing.

Another Scientific Wonder!

GREAT CURE FOR

DYSPEPSIA!

Dr. J. S. HOUGHTON'S

THE TRUE DIGESTIVE FLUID, OR, GASTRIC JUICE.

Prepared from Rennet, or the Spleen, stomach of the ox, etc., directions of Baron Liebig, great Physiological Chemist.

By J. S. HOUGHTON, M. D., in the eighth Part, of the second edition, or greatest principle of the Gastric Juice—the solvent of the food, the purifying, preserving, and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the ox, forming a true digestive fluid, precisely like the natural Gastric Juice in its chemical powers and furnishing a complete and perfect substitute for it.

This Natura's own remedy for an unhealthy stomach. No other man equal its digestive powers. It contains no acids, bitters, herbs, acids or narcotics. It is extremely agreeable to the taste, and may be taken by the most delicate patients without causing any disturbance. It is a water-curd, without the most acute distresses of digested nutriment. Peppin is not a drug.

Half a teaspoonful of Peppin dissolved in water, will digest or dissolve five pounds of food in about two hours, out of the stomach.
